Before any fence or wall may be constructed on any Lot, plans must be submitted to the ARC showing the materials to be used and the location of the fence or wall and such plans must be approved by the ARC. In considering location of a fence, the ARC may consider, among other factors, the fence line of adjacent properties. Privacy fences shall be constructed with either shadowboxing or so that the framing shall face the inside of the Lot upon which it is built. All fences adjacent to, but not in, the front yard and facing the street shall be constructed of wrought iron, faux wrought iron or masonry or a combination of both, and shall be six feet in height. There shall be no chain link or cyclone fences allowed. Further, construction of fences and walls hedges are prohibited in or on the front yard of any Lot. The foregoing restrictions apply only to fences and walls constructed or replaced after the date this Amended Declaration is recorded. Existing fences and walls which are non-conforming to these restrictions shall be kept in good repair and shall be maintained in good condition for their remaining life. However, replacement of more than fifty percent (50%) of the fence or wall material shall constitute replacement of such fence or wall and shall be subject to these restrictions as if it was a new fence or wall.

Section 11. Antennae and Satellite Dishes. No communications mast, antenna, tower or other similar structure may be installed on any Lot, except that satellite dishes not exceeding twenty-four inches (24") in radius may be installed only on the rear roof or sides of a dwelling and shall not exceed the height of the lowest roof ridge line of such dwelling, but in no

event shall be allowed on the front of a dwelling.

Section 12. Heating and Cooling Devices. No detached single-family dwelling, private garage or any other structure located on the Property shall be permitted to have a heating or cooling device located in a window or any other opening which can be viewed from any portion of the Property.

Section 13. Visual Screening. All equipment, sewer clean-out stubs, garbage cans, service yards, woodpiles, refuse containers, or storage piles and household projects such as equipment repair and construction projects shall be screened by adequate planting or fencing so as to conceal them from view of neighboring lots, streets, parks and public areas. All rubbish, trash, and garbage shall be kept in sanitary refuse containers with tightly fitting lids and shall be regularly removed from the Lots and not allowed to accumulate thereon.

Section 14. Visual Obstructions at the Intersections of Public Streets. No object or thing which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways within the triangular area formed by the junction of street curb lines and a line connecting them at points twenty-five (25) feet from the junction of the street curb lines (or extensions thereof) shall be placed, planted or permitted to remain on any corner lots.

Section 15. Lot and Landscape Maintenance. All Lots, yards, landscaping, structures, and flowerbeds, shall be kept at all times in a sanitary, healthful and attractive condition, and the Owner or occupant of a Lot shall keep all grass and shrubs thereon cut and neatly maintained and landscape beds and yards be maintained so as to be kept free of weeds and noxious plants. The yard areas of a Lot shall be sodded with turf-type grass within twelve (12) months from the start of construction of the dwelling on the Lot. Each Lot must have an in-ground sprinkler system sufficient to water all areas of the lawn and landscaping and the same must be maintained in good operating condition.

Further, in no event shall any Lot, or portion thereof, be used for storage of material and equipment except for normal residential purposes or incident to construction of improvements thereon as herein permitted, or permit the accumulation of garbage, trash or rubbish of any kind thereon, and shall not burn any garbage, trash or rubbish. All Owners shall be required to have mandatory trash pick up as provided by the City of Springdale, Arkansas and such trash and debris may not be placed at the curb for pick-up more than twenty-four hours prior to such pick-up.

In the event of default on the part of the Owner or occupant of any Lot in observing any or all of the requirements set forth in this Section, such default continuing after ten (10) days written notice thereof, the Association may, without liability to the Owner or occupant, in trespass or otherwise, enter upon said Lot, cut, or cause to be cut, such weeds and grass, and remove or cause to be removed, such garbage, trash or rubbish or do any other thing necessary to secure compliance with these restrictions, so as to place said Lot in a neat, attractive, healthful

and sanitary condition, and may charge the Owner or occupant of such Lot for the cost of such work. The Owner or occupant, as the case may be, agrees by the purchase or the occupation of the Lot to pay such statement immediately upon receipt thereof. To secure the payment of such charges in the event of nonpayment by the Owner, a continuing contractual lien is hereby granted to and shall be retained by the Association, inferior only to a purchase money lien or first mortgage.

Section 16. Parking and Storage of Automobiles, Boats, Trailers, Other Vehicles and Equipment. No boats, trailers, campers, recreational vehicles, motor coaches, motorcycles, buses, inoperative vehicles of any kind, camp rigs off truck, or boat rigging shall be parked or stored on any Lot or any part thereof for more than five (5) consecutive days or more than ten (10) total days in any six month period, unless the same can be completely contained within the garage or approved accessory building on the Lot or screened from view from the street or other Lots. No eighteen-wheel vehicles and other similar large van or flat-bed type vehicles may be parked on any public street right-of-way or Lot, or any part thereof, except to deliver merchandise or other materials to residents or construction sites.

Further, no vehicle of any kind, including, but not limited to those described immediately hereinabove, whether operable or inoperable, shall be allowed to be parked on the public rights-of-way in the Subdivision overnight, or in any yard of a Lot, or part thereof, at any time. Lot Owners and occupants shall provide sufficient off-street parking to accommodate the vehicles used by their families and guests.

Section 17. Limited Access and Driveways. There shall be no access to any Lot on the perimeter except from designated streets or roads within the Property.

Section 18. Signs, Advertisements and Flags. No sign, advertisement, billboard or advertising structure of any kind shall be displayed to the public view on any Lot or in any Common Area, or portion of thereof, except for one sign for each Lot of not more than 28 inches by 38 inches solely advertising a Lot for sale or rent on that Lot. Flags on any Lot, other than the American Flag or State Flag, that are visible from the street may not exceed fifteen (15) square feet in area and must be maintained in good condition. These restrictions shall not apply to signs displayed as decoration for traditional holidays and other special occasions provided that reasonable time period of display are observed (e.g., recognition of sporting events, birth announcements, etc., during the week of occurrence and holiday decorations during the period that is traditionally appropriate to recognize the particular holiday.) Notwithstanding the foregoing, however, signs may be displayed in common areas advertising special events, open houses and yard sales provided that such signs shall only be posed the day prior to and the day of the event being advertised and must be removed by 6:00 p.m. on the day of the event. The Association shall have the right to remove any signs, advertisements or flag which is placed on Lots, in violation of this section and in so doing shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal. Further, the restrictions herein

shall not apply to the Association with respect to signs which the Association may place in or on Common Properties.

Section 19. Water and Mineral Operations and Wind Generators. No oil or water drilling, oil or water development operations, oil refinery, quarry or mining operations or any kind shall be permitted on any Lot, nor shall oil or water wells, tanks, pumps, derricks, structures, mineral excavations or shafts be permitted on any Lot. No wind generators shall be erected or maintained on any Lot.

Section 20. Construction Requirements. Exterior construction of dwellings or any other authorized structures on any Lot must be completed within twelve (12) months from the date such construction is commenced. On or before the expiration of such twelve (12) month period, the exterior must have the appearance of completion, including lawns and landscaping consistent with the completed structures in the Subdivision. In order to ensure timely completion, the Owner must place a \$2,000 deposit with the Association, which deposit shall be deposited to a special account and not commingled with other funds of the Association. Such deposit shall be returned to the Owner upon completion of the exterior of the structure in the manner set forth hereinabove, if such completion is on or before the expiration of the twelve (12) month period. If, however, the construction is not complete within the twelve (12) month period, the deposit shall be retained by the Association as liquidated damages for the violation of this Section; provided, however, that such retention of the deposit shall not prejudice the Association or any other Lot Owner from pursuing any and all legal and equitable remedies to compel the completion of the construction.

During the period of any construction, remodeling, repair or refurbishment of any structure on any Lot, all litter, debris, garbage and trash must be contained in appropriate containers and not allowed to blow or otherwise be carried onto any other portion of the Property.

Section 21. Sex Offender Restriction. No persons required to register as a sex offender pursuant to the Sex Offender Registration Act of 1997, Arkansas Code Annotated § 12-12-901, et seq, as amended from time to time, or any other similar federal, state or local law, regulation or ordinance, may rent, reside in, own or occupy any Lot or Dwelling within the Subdivision either permanently or temporarily. This restriction shall apply only to any such persons who purchase or move into the Subdivision after the recording of this Amended Declaration.

Section 22. Enforcement. In the event of default on the part of the Owner or occupant of any Lot in observing any or all of the requirements herein set forth, such default continuing after ten (10) days written notice thereof, the Association may, without liability to the Owner or occupant, in trespass or otherwise, enter upon said Lot, cut, or cause to be cut, such weeds and grass, and remove or cause to be removed, such garbage, trash or rubbish or do any other thing

necessary to secure compliance with these restrictions, so as to place said Lot in a neat, attractive, healthful and sanitary condition, and may charge the Owner or occupant of such Lot for the cost of such work. The Owner or occupant, as the case may be, agrees by the purchase or the occupation of the Lot to pay such statement immediately upon receipt thereof. To secure the payment of such charges in the event of nonpayment by the Owner, a vendor's and continuing contractual lien is hereby granted to and shall be retained by the Association, inferior only to a purchase money lien or first mortgage. Such vendor's and continuing contractual lien shall be applicable and effective whether mentioned specifically or omitted in each conveyance of a Lot.
